

Display Screen Equipment Assessor

Health and Safety (Display Screen Equipment) 1992 as Amended

Introduction:

Legislation require all employers to carry out an assessment of the risks posed to users from display screen equipment provided him. Fraser & Associates have created a reasonably priced but comprehensive DSE risk assessor training course that we will deliver at your premises. Courses will be customised to suit your needs and if required we will use your documentation so that trainees are using familiar and relevant paperwork.

Topic Areas covered:

- the requirements of the DSE Regulations;
- problems caused by DSE work;
- how to carry out effective DSE assessments;

Intended for:

This course is recommended for those personnel selected to carry out DSE assessment on fellow employees.

Outcomes:

By the end of the course the delegate will be able to;

Definitions all relevant terms;
List health risks posed by the use of display screen equipment;
Adjust Equipment to suit individual users;
Assess and make improvements to the environment in the equipment is used;
Advise on task management and breaks;
Exercises – presentation, demonstration.
Conduct a practical workstation assessment;

Prior Knowledge: None, although a knowledge of basic risk assessment techniques would be an advantage.

Course duration: 6 hours

Numbers: Minimum by agreement with client;
Maximum 12;

Why not contact Fraser & Associates to discuss your DSE training?
